

## Another Way

Incognito

Ooh...

In the beginning, all we know, is what we're told  
And so we go along with it, time gives us reason  
To choose our thoughts and rate the costs  
And question what we've been permitting

As the penny drops, our stomach turns when we learn  
How much wrong has gone on as good  
But if we measure what we gain for every pain  
Lessons then better understood, yeah

Ooh, let us try leveling the playin' fields  
Ah, surely we can repair the broken wheel  
Hmm, if we stay the same old way, how can we heal?  
Ooh, let us try another way, another way

Oh, it's so short sighted  
To stand against bein' united  
Confusin' the masses, dividin' the classes  
Stop being so drastic, choose to put things right  
Ooh, better than the way it is, yeah

Ooh, let us try leveling the playin' fields  
Ah, surely we can repair the broken wheel  
Hmm, if we stay the same old way, how can we heal?  
Ooh, let us try another way

(Better than the way it is)  
(Better than the way it is)  
(Better than the way it is)  
Yeah, another way  
(Better than the way it is)  
(Better than the way it is)  
(Better than the way it is)

(Better than the way it is)  
We have go to try, ohh  
(Better than the way it is)  
(Better than the way it is)  
(Better than the way it is)  
Another way  
(Better than the way it is)

Oh, it's so short sighted
