

Colourblind

Incognito

Show me the way to swim to the shore
From the ocean to you

You
You
You
You

Show me the way to swim to the shore
This wave is gonna wrap itself around me
You are the light on the ocean floor
So say
You're gonna radiate around me
Sometimes life gets me so colourblind
Stepping on the wrong beat
Find a way to hit me
If I find a way out of my mind
Nothing's gonna stop me
Illuminating

You
You
You
You

Show me the way to swim to the shore
From the ocean to you
You can show me more
Show me the way to swim to the shore
From the ocean to you
You can show me more
Show me the way to swim to the shore
From the ocean to you
You can show me more

You
You
You
You

Show me the way
This wave is gonna wrap itself around me
You are the light
So say
You're gonna radiate around me

Sometimes life gets me so colourblind
Stepping on the wrong beat
Find a way to hit me
If I find a way out of my mind
Nothing's gonna stop me
Illuminating

Don't you know my life gets me so colourblind, colourblind
Stepping on the wrong beat
Find a way to hit me
Sometimes life gets me so colourblind

Stepping on the wrong beat
Find a way to hit me
Sometimes life gets me so colourblind
