

# It's Just One Of Those Things

Incognito

Good morning heartache  
I thought that I had lost you  
But here you are again  
Good morning heartache  
I guess that you won't leave me  
It will always be this way

I should confess that I once loved you  
I thought I knew you  
A love so close without condition  
Now in remission  
Between my heart and my mind  
Loop is turnin'  
Every word and everything you said

It's just one of those things  
One of those things  
It's just one of those things

Good morning heartache  
What brought you back here to me?  
What made you come again?  
Good morning heartache

I wish that I could tell you  
That I am glad to see you, but I ain't

Remember how I once held you  
What happened to you?  
Tell me do and please be true  
A love so close without condition  
Now in remission

Between my heart and my mind  
Loop is turnin'  
Every word and everything you said

It's just one of those things  
One of those things  
It's just one of those things

And there are stories in our eyes  
Chapters of our lives we can't disguise  
They will sometimes disappear  
Day turns into night but morning comes again they reappear
