

# Move It Up

Incognito

Your lies been gone so long  
I've been getting strong  
You say that's same old song  
Talking bout how you did  
And do long  
All the things that you're putting through  
When a heart belong to you  
The dark places that you took me to  
When you're into somebody new  
Now your world is often slow  
Didn't you going in my eyes

Move it up  
Now that I'm ahead of the game  
(Move it up)  
I'm never going back again  
(Move it up)  
Now that I'm ahead of the game  
(Move it up)  
Ooh

Can't keep coming back for more  
I heard it all before  
Keep on knocking at the same old door  
If they looking for some old score  
I used to break when I heard you cry  
This time knowing this won't fly  
You never married when you say goodbye  
Well that's just another line  
Now your world is often slow  
Didn't you going in my eyes

Move it up  
Now that I'm ahead of the game  
(Move it up) hmm  
I'm never going back again  
(Move it up)  
Now that I'm ahead of the game  
(Move it up)  
Ooh  
Aah...  
Move it up  
Now that I'm ahead of the game  
(Move it up)  
I'm never going back again  
(Move it up) oh  
Now that I'm ahead of the game  
(Move it up)  
Ooh  
Move  
Now that I'm ahead of the game  
(Move it up)  
I'm never going back  
Never going back again  
(Move it up)  
Now that I'm ahead of the game  
(Move it up) moving up

(Move it up)  
Now that I'm ahead of the game  
(Move it up)  
And never never r going back again  
(Move it up)  
Now that I'm ahead of the game  
Move it up moving  
Now that I'm ahead of the game  
(Move it up)  
And never never r going back again  
(Move it up)  
Ooh  
Now that I'm ahead of the game  
Move it up
