

# Selfishly

Incognito

Aah  
Hoo  
Haa  
Hoo

Daylight hurts my eyes  
Waking up roadside  
Been driving through the night  
Feels right moving on  
Left you a message  
I won't be coming home  
I know your friends are talking bout me now

Don't [?] about my groove  
I got another plan  
Selfishly I'm where I wanna be  
(I'm where I wanna be)  
Of Course I understand  
Guilty as I am selfishly  
I'm happy to be free  
Don't [?] about my groove  
I got another plan  
Selfishly I'm where I wanna be  
(I'm where I wanna be)  
Of Course I understand  
Guilty as I am selfishly  
I'm happy to be free  
Free, free

It's time we realize  
Another we should have  
Than more than getting by  
(Good things)  
Good things from the past  
Can't keep us holding  
(Holding)  
To a dream that's real and gone

I know your friends are talking bout me now  
Don't [?] about my groove  
I got another plan  
Selfishly I'm where I wanna be  
(I'm where I wanna be)  
Of Course I understand  
Guilty as I am selfishly  
I'm happy to be free  
Don't [?] about my groove  
I got another plan  
Selfishly I'm where I wanna be  
(I'm where I wanna be)  
Of course I understand  
Guilty as I am selfishly  
I'm happy to be free

Aah  
Should have known better  
Think it over

The first time  
But now it's over  
Can't stay together  
That's why I had to go

Don't [?] about my groove  
I got another plan  
Selfishly I'm where I wanna be  
(I'm where I wanna be)  
Of course I understand  
Guilty as I am selfishly  
I'm happy to be free  
Don't [?] about my groove  
I got another plan  
Selfishly I'm where I wanna be  
(I'm where I wanna be)  
Of course I understand  
Guilty as I am selfishly  
I'm happy to be free

I'm where I wanna be  
Gave you the best of me  
Ooh oh ooh  
I said I'm where I wanna be  
(I'm where I wanna be)  
Gave you the best of me  
Now I'm happy to be free  
I'm where I wanna be  
(I'm where I wanna be)  
Gave you the best of me  
Ooh  
I said I'm where I wanna be  
(I'm where I wanna be)  
Gave you the best of me  
Now I'm happy to be free
