

## Too Far Gone

Incognito

He wanted to believe that the  
Field was his to play  
Say`s he`s happy that she`s gone away  
Any fool can tell she`s here to stay  
From his mind she would never stray

He`s trying to hide it  
But inside the pain can`t be denied  
I guess he`s too far gone

No he`s spendin` all his time tryin`  
To tell the world he`s free  
Depp inside he know he`ll never be  
And now it seems that he`s lost the key  
He`s like a raft driftin` out at sea

He`s tryin` to to fake it  
But the sadness is all that he can feel  
I guess that he`s too far gone

He cannot see that as he talks  
He`s takin` a road that is goin` nowhere  
There`s no tellin` hime, he`s too far gone

He`s walkin` down the street lookin` sure of himself today  
He`s never short of things to say  
In his mind he knows he`s lost his way  
It`s the proce he has to pay

Gone too far  
Too far gone  
Gone too far  
Too far gone
