

Wake Me

Incognito

(Wake me, wake me, wake me, wake me)

Wake me when you get here
Wake me when you get here
Wake me when you get here
Wake me when you get here

'Cause when you're gone, I'm a fair without a carousel
You're the image for that I cannot tell
Yes, I'm a fish, yeah, inside a diving bell
A bow that seeks it's William Tell
'Cause when you're gone, I'm in my shell

So wake me when you get here
Wake me when you get here
Wake me when you get here
Wake me when you get here
