

# Will I Ever Learn?

Incognito

In my life, when things fall apart  
I rush to make them right  
And every time I'm lost to recognize  
The reasons why I just can't see the forest for the trees

And I criticize the sun for not shining on my day

In my life, I make the same mistakes  
Over and over and over again  
Caught in-between the devil and the deep blue sea  
It always seems to end this way another hit and run

So I criticize the clouds that brought the rain my way

Will I ever learn?  
Will I, will I?  
Will I ever learn?  
Will I ever learn?  
Will I, will I?

In my life, emotions of the heart  
Will override my mind  
Before you know the damage done proves to be too late  
Beauty dies and takes away another part of me

Still I criticize the world for not understanding me

Will I ever learn?  
Will I, will I?  
Will I ever learn?  
...
