

## Worlds Collide

Incognito

From the moment that I laid my eyes on you, I knew  
The glory of a new day had arrived, I was hooked on you

Suddenly life it seemed was greater than my wildest dream  
It never even crossed my mind to try to hide my love

There was no way we could stop, getting caught up in that groove

Something happens to my life  
When our worlds collide  
Puts my spirit in the light  
When our worlds collide

I wasn't looking for another love  
I guess my heart was open to persuasion  
So surprised you came into my life, out of the blue

Suddenly life it seemed was greater than the wildest of my dreams  
It never even crossed my mind to try to hide my love

There was no way we could stop getting caught up in that groove

Something happens to my life  
When our worlds collide  
Puts my spirit in the light  
When our worlds collide

Your world, my world, your world, my world
