

## In the Company of Wolves

Incubus

I was lost but now I am found.  
A line was crossed, a vessel run aground.  
The boy has gone, let's grieve and let him go.  
He left at dawn, but it's a new day don't you know?

In the company of wolves I sat in silence  
observant and afraid

It was there with their eyes like glowing embers  
the man you see was made.

I was low but now I am high.  
It helps to know serenity from ennui.  
Something's wrong, something's wrong, when it all remains the same.  
So face the fire, come into your name.

In the company of wolves I sat in silence, observant and afraid  
.  
It was there with their eyes like glowing embers, the man you see was made. Ohhhhhooo..

Even I can't recall how many days I have been out there  
For when Aurora's lights ceased to shine, I was alive I think for the first time.  
Infinity it falls, in feathery folds but she bites like loveless ice,  
and with her belly full she called this rite of passage, it was the longest night of my life.

(It was, it was, it was, it was  
It was, it was...

It was the longest night of my life.

(It was, it was, it was, it was  
It was, it was, it was...

Even I can't recall how many days I have been out there for  
But when Aurora's lights ceased to shine, I was alive, I think, for the first time.  
Infinity it falls, in feathery folds but she bites like loveless ice,  
and with her belly full she called this rite of passage, it was the longest night of my life.

(It was, it was, it was, it was  
It was, it was...

It was the longest night of my life.

(It was, it was, it was, it was  
It was, it was, it was...
