

Look Alive

Incubus

The hardest thing is rendering a
Moment moving too fast to endure
But you abide and smile wide cause
I want to remember this for sure
You can give me guns and politics and
I'll just make a mess of it, you know
Give me all the sustenance and
The wiser wider part of me will show
Yeah yeah yeah

A picture says with sight
What we can't say with words
But you've been walking eyes to feet
In dark sunglasses
A picture will survive
So smile and look alive
The camera lens is opening
The wider angle's yours

Yeah every empty one of us have methods
To quell the madness of this pace
But yours have bled and are running south
Like jealous Dior mascara down your face
You could take that wait and all that fuss so
Now just get the best of us, you know
Give me love not suicide and
The wise wider part of me will show
Yeah yeah

A picture says with sight
What we can't say with words
But you've been walking eyes to feet
In dark sunglasses
A picture will survive
So smile and look alive
The camera lens is opening
The wider angle's yours!

Look alive... smile
Smile and look alive
Smile, smile and look alive
Yeah woah oh

A picture says with sight
What we can't say with words
But you've been walking eyes to feet
In dark sunglasses
A picture will survive
So smile and look alive

A picture says with sight
What we can't say with words
But you've been walking eyes to feet
In dark sunglasses
A picture will survive
So smile and look alive
The camera lens is opening

The wider angle's yours

Look alive

Smile, smile and look alive

Yeah, smile and look alive

Yeah woah!
