

## Promises, Promises

Incubus

I'm only 23 for another hour, give or take  
I'm a fan of yours and I need a good mistake  
I'm not a sinner or preacher,  
all I have is sleight of hand  
I do magic tricks for  
all the boys in the band

Baby could I be the rabbit in your hat?  
I'd swing if you'd hand me,  
hand me the bat

I'm on the road of least resistance  
I'd rather give up than give in to this  
So promise me only one thing, would you?  
Just don't ever make me promises  
No promises

I've never done this before, promises, promises  
But I'm enjoying the illusion  
and the things my body says  
Now you see me, now you don't,  
oh how well you disappear  
What are you running from  
and may I interfere?

Baby could I be the rabbit in your hat?  
I'd swing if you'd hand me,  
hand me the bat (2x)

I'm on the road of least resistance  
I'd rather give up than give in to this  
So promise me only one thing, would you?  
Just don't ever make me promises  
No promises

No promises, no promises...

I'm on the road of least resistance  
I'd rather give up than give in to this  
So promise me only one thing, would you?  
Just don't ever make me promises  
No promises

No no no promises, no promises...
