Cakelakers

Indians

Fall off the dust, the joyest of the sign
Falling with the …and enter
Or you just believe more than the past
It’s you with all

Fall off the …keep our love inside
Stay by my side, or I just believe more than the past
Yes I will

When you gotta go, and anyway we let you go
This is how to go, but there will always be and easy mind
Thought for you my dear

Oho, oho, whoa, uh, oh,
uhu uhu uu, uhu, uh uh,
uhu uhu uu, uhu, uh uh

When you gotta go, and anyway we let you go
This is how to go, but there will always be and easy mind
Thought for you my dear.
