

I Am Haunted

Indians

I walked tonight, it's not too late
To see the light at your face
I think the wall up today
So you can see this wide again
Up and go, yes we are
Hope your pain will soon be gone
A little wait, a little late
But to go home with me
Walking home, let it be
Walked away it took a while
It's too late to walk away
Watch the hours easy come
Girl, I'm haunted

Lots of fun, in and out
Come to me don't walk too far
You took away the spring in March
You slipped away, you will be watched
Slip away from my heart
Hit the wall in my arms,
Girl, I'm haunted

But girl you'll be fine
