

Leave

Indians

You ask me to leave now
You say I should go now
Leave all behind
You say you'll be easy
Got lost in my feelings
I [?] this time

Calming yourself this time
Last night [?] and this makes me blind
Cursing myself this time

You asked me to leave now
You asked me to leave
You asked me to leave now
You asked me to leave
You asked me to leave now

You say I should go now
Leave all behind
You say you'll be fine

[?] sunrise
Cursing myself this time
Alive with love, loneliness keeps me down
[?] some of the stars

You asked me to leave now
You asked me to leave
You asked me to leave now
You asked me to leave
You asked me to leave now
