Somewhere Else

Indians

Caught in a minute in a dream that I had
Everything is perfect they're letting go of the past
Stop in the middle with a dream in my head
Living the moment up on the edge

Somewhere else, but you are somewhere else (2x)

Rocks form the house it is falling apart
Everything feels right right here, right from the start
Floating in the river ohoh holding your hand

Oh girl, red blood, I am your man

Somewhere else, but you are somewhere else (4x)

All i gotta do is go back
cause I lost my heart in a foreign place
All i got to do is go back
cause I lost my heart to you

But you are somewhere else, but you are somewhere else (8x)
