

# Don't U Want Me Back

Indigo De Souza

Tip me down  
Still not taking space  
Grinding teeth  
Still not saving face

I was in the neighborhood  
Said that I would stay for good  
Like my sweet talk  
Nobody knows me  
But everybody wanna show me  
How to slip into bed at night

I was in the neighborhood  
Said that I would pray for good  
But I wasn't ready for it  
So I backed down, told them I was flooring  
Could you hold me inside?  
Could you come any closer?

Did the faith miss town?  
Did we both creep on so low?  
Thought I told you to be careful but you walked right back to me

Don't you want me back?  
Can't you feel it?  
You used to hold me down from the ceiling  
You used to hold me down now you're sleeping on your own

Don't you want me back?  
Ooh, can you feel it?  
You used to hold me down from the ceiling  
You used to hold me down now you're sleeping on your own

Tip me down  
Still not taking space  
Grinding my teeth  
Still not saving face

I was in the neighborhood  
Said that I would stay for good  
But I wasn't ready for it  
So I backed down, told them I was flooring  
Could you hold me inside?  
Could you come any closer?

Don't you want me back?  
Can't you feel it?  
You used to hold me down from the ceiling  
You used to hold me down now you're sleeping on your own

Don't you want me back?  
Ooh, can you feel it?  
You used to hold me down from the ceiling  
You used to hold me down now you're sleeping on your own

Don't you want me back?  
Could you come any closer?

Could you come any closer?  
Could you come any closer?
