

## Cedar Tree

Indigo Girls

You dug a well  
You dug it deep  
For every wife you buried  
You planted a cedar tree  
The best  
The best you ever had

I stand where you stood  
I stand for bad or good  
And I am green and you are wood  
The best  
The best he ever had

I dig a well  
I dig it deep  
And for my only love  
I plant a cedar tree  
The best  
The best we ever had
