

Shed Your Skin

Indigo Girls

115

You are 17
Itchy trigger
Venemous
You growing longer
You growing stronger
You shed your skin
Now shed this

Come on over baby
You tell me it's holy holy
I don't know what that is
Come on over
Let's call it the fullness of time
I don't know what that is
Hey holy console me
Some power control me
Remorse it
I force it
Can't free it
So be it

I'm speaking in tongues
Handling you
I got religion now look at it
The days grow longer
As we grow stronger
So shed your skin baby
Let it rip

Now tell me it's holy holy
I don't know what that is
I want to call it the fullness of time
But I don't know if it is
Hey holy console me
Some power control me
Remorse it
I force it
Can't free it
So be it

I got the hangman
I got Milagro
I got the celebration too
The flesh is strong
The spirit stronger
So shed your skin baby
Let it through

Come on over.
