

The Sun

Indios Bravos

The sun is gonna rise anyway
No matter what the people say
No matter what the people do
It's gonna shine for me and you
The sun is measuring sky
And for billions of years chasein' the night
Same old sun shines for rich
Same old sun shines for poor
One of the things of wich I am sure

The sun is gonna rise anyway
No matter what the people say
No matter what the people do
It's gonna shine for me and you

The sun, the sun, the sun is shinein'
The sun is shinin' for me for me and you, for me and you
