## Treat me right

## **Indios Bravos**

Treat me right, treat me good, treat me just as I treat you Treat me right don't treat me wrong I don't ask for nothin' more 'Cause I'm suffering when you leave me out on the open sea When you turn back on me back on me So treat me, treat me good 'Cause my heart is burning

I'm ready to do anything now for you
I guess you don' care 'cause there is no clue
From you to tell me what to do

Make me laugh make me cry

Let me think everythin' is all right

Count on me I'll count on you

I don' think it's hard to do

Cause I'm suffering when you leave me out on the open sea

When you turn back on me back on me

So treat me, treat me good

'Cause my heart is burning

I'm ready to do anything now for you
I guess you don't care 'cause there is no clue
From you to tell me what to do
