

## What is it

**Indios Bravos**

Just another day and I'm layin' in my bed  
Guess I haven't seen the sunlight for a week or somethin' like  
that

I get up in the evening and I go to meet my friends  
And we're rollin', rollin', rollin' again and again

What is it I ain't doin' anythin' if there is no weed  
I need to get high and later I fly across the sky.
