

Anywhere

Indra

Anywhere, anyhow
Anyone love
You're gonna take me higher and higher above
Anywhere, anyhow
Anyone love
You're gonna take me higher and higher above
Anywhere

Anywhere

You came home so late at night
I knew there was something mysterious
I was begging you to tell the truth
You promised me to be serious

Now I'm gone and I'm confident
I know what I'm gonna do
But I fear when I see you again
To fall in love with you

Anywhere, anyhow
Anyone love
You're gonna take me higher and higher above
Anywhere, anyhow
Anyone love
You're gonna take me higher and higher above
Anywhere, anyhow
Anywhere, anyhow
Anywhere

Anywhere

I felt like I was done to you
You were treating me like a stranger
In the night I realized
I was driving straight into danger

In my mind I see your face
Feels like something new
I just know when you're near me again
I'll fall in love with you

Anywhere, anyhow
Anyone love
You're gonna take me higher and higher above
Anywhere, anyhow
Anyone love
You're gonna take me higher and higher above
Anywhere, anyhow
Anywhere, anyhow
Anywhere

Now I'm gone and I'm confident
I know what I'm gonna do
But I fear when I see you again
To fall in love with you

Anywhere, anyhow
Anyone love
You're gonna take me higher and higher above
Anywhere, anyhow
Anyone love
You're gonna take me higher and higher above
Anywhere, anyhow
Anywhere, anyhow

Anywhere, anyhow
Anyone love
You're gonna take me higher and higher above
Anywhere, anyhow
Anyone love
You're gonna take me higher and higher above
Anywhere, anyhow
Anywhere, anyhow
Anywhere
