

## Kids Of The 80's

Infa Riot

Come on boys let's do a shot  
There's nothing else for us to do  
No use just drinking in pubs  
No future, nothing for us  
So what do we do we turn to crime  
Cause nobody's got the time

For us, who? kids of the 80's  
We don't go to school we've given up  
We don't give ???  
Find a crime just make one up

Come on boys let's do some fighting  
It's too bad they don't like us  
No feeling ain't gonna mean it  
Never lose when they come at us  
We love to fight and beat 'em up  
Look and laugh and get chased by cops

We don't have a future  
Nobody even looks at us  
We are the kids of the 80's  
We don't care what you think of us

Come on boys get in your car  
Let's drive around but don't get caught  
No feelings towards the owner  
Nothing for the Vespa as it was  
Speed around The Police  
??? without our shoes

We don't care if there on us  
As long as we are on the key  
We are the kids of the 80's  
We're somebody just today

We are the kids of the 80's  
We don't go to school we've given up  
We are the kids of the 80's  
We don't care what you think of us
