

## Feast Ov Goreglutton

### Infant Annihilator

Welcome to the supper of sensational sin  
Where enslaved fuel the gluttony of our kin  
The cunts seared and greased  
Prepare for the feast  
A feast of delicate meats  
An elegant treat

Sauteed cocks and baby vaginas  
Offerings of virgins and marinated minors  
Mangled scrotes of the innocent boys  
Paired with cum like a fine Savoie  
A putrified fetal foreskin cigar with ovarian eggs (our gourmet caviar)  
The butchers prepared their finest cuts  
Mammary glands and shit-filled guts

Bonecruncher, Childchewer, Lumpeater, Bloodguzzler  
Tiny bones to pick their teeth  
Facepeeler, Lifestomper, Wombwrecker, Cuntcrusher  
Gorging on the carcasses they raped and beat

With tiny bones they pick their teeth  
While gorging on the carcasses they raped and beat

A selection of rectums ripe and unclean  
Glazed in the innocents' seed  
Clitoral stew with an embryonic fluid brew  
Undercooked so the flesh still bleeds  
A thick paste made of eyes unborn  
Paired with their bruised boiled brains  
Bone marrow braised with a uterine hollandaise  
To finish - the heart infused with glorious pain

A feast of helpless meat

Bonecruncher, Childchewer, Lumpeater, Bloodguzzler  
Tiny bones to pick their teeth  
Facepeeler, Lifestomper, Wombwrecker, Cuntcrusher  
Gorging on the carcasses they raped and beat

The guests engorged with the bodies of the wretched  
Their mouths brimming with soiled skin, they cannot speak  
The damned now lay in the belly of the beast
