

## Muse Breaks RMX

Infected Mushroom

Take it straight up and watch me get in  
Feel it when the sun is up and let the vibe in  
Don't you feel the rain drops are near  
You're the only tool to break the music  
And your time is so useless  
And your days are not of muse breaks  
feel me get in  
c'mon  
feel me get in  
oh yeah

Take me up and out  
Cause rainy days are all I feel  
I'm walking about  
I know that, there's no time  
In the days of muse breaks  
I had to hang on tight  
Looking back I wish I had more time for, you...

Take it to your top and now watch me get in  
Feel this on the sun and let the vibe in  
Don't you feel the rain drops are near  
You're the only tool for Regge music  
And your time is so useless  
And your days are not a muse breaks  
Feel me get in (feel me get in) (\*WHOA\*)  
Feel me get in (feel me get in) (\*oh yeah\*)  
feel me get in (feel me get in) (\*Cho, Cho...\*)
