

# I Took A Ride

Infernal

I heard people talk about you  
I heard rumors and it really worries me  
Should I throw away tomorrow?  
She said: Why can't you see it's not up to me if I'm somebody's fantasy  
Ah aw

I took a ride on a fairytale just for you  
And why don't you deny  
All the things that they're telling me about you  
And baby don't you lie

I took a ride on a fairytale just for you  
And why don't you deny  
All the things that they're telling me about you  
And baby don't you lie

Don't lie  
Don't lie...

I know sometimes I'm just out there  
And I know sometimes I can flirt a bit too much  
But I also know I love you  
And just why can't you see it's not up to me if I'm somebody's fantasy  
Oh no

I took a ride on a fairytale just for you  
And why don't you deny  
All the things that they're telling me about you  
And baby don't you lie

I took a ride on a fairytale just for you  
And why don't you deny  
All the things that they're telling me about you  
And baby don't you lie

Don't lie  
(No I wont lie)

Don't lie  
(No I won't lie)

I took a ride on a fairytale just for you  
And why don't you deny  
All the things that they're telling me about you  
And baby don't you lie

I took a ride on a fairytale just for you  
And why don't you deny  
All the things that they're telling me about you  
And baby don't you lie
