

## Prayer 25

Infernal

Caught a bit of lightnin'  
Oh oh  
N it felt so soothin'  
Then it got frightnin'  
Ah yir  
Oh, oh, oh

For a good minute there  
We were set, golden, oh yeah  
Then the fallin'  
Hit it just right, gonna think it will  
Always be there  
Didn't get any warning

At first, we prayed for the light  
To be on us  
Then we prayed for the light to be bright  
For the big fuss  
Didn't know what we wanted it to be  
What we thought would set us free  
Plot-twist was: we were right  
We grew, (we) won every fight  
Then we prayed, they'd leave us alone  
Guess we felt sick on our throne  
Then we wanted it back, felt the lack  
So we fought to enhance we're alive  
Now we're stating our prayer 25  
N we damn sure know, It's a lot  
Yir we know what we got  
Just sayin we both still thirsty

Wanne be the right one  
Ah yeah  
Wanna catch their eyes, right  
Gonna make 'em listen  
Oh uh yeah  
More, more ohohoh

For a good minute there  
We were set, golden, oh yeah  
Then the fallin'  
Hit it just right, gonna think it will  
Always be there  
Didn't get any warning
