

# Somebody's Love

Infernal

Somebody's love  
Somebody's love  
Nothing but love  
Oh oh, just made it better  
And now I'm saved by somebody's love

There's no debate  
I was in a dark place  
All of those voices  
Filling my head but  
They never spoke the truth  
They made me question  
All my choices  
Was looking for what could  
Make it feel real  
But I'm better now

'Cause I'm saved by somebody's love  
Somebody's love  
And I found it in my own heart  
My life was fine  
Now it is better  
And it was me, not nobody else  
It's all myself  
No idea how far it had gone  
Oh yeah  
But now it's better  
Yeah now I'm saved by somebody's love

I couldn't count 'em  
The times I stated  
That I love myself - hi-five  
Still I'd seek pain just to feel alive

But I'm saved by somebody's love  
Somebody's love  
And I found it in my own heart  
My life was fine  
Now it is better  
And it was me, not nobody else  
Thanks to myself  
No idea how far it had gone  
Oh yeah  
But now it's better  
Yeah now I'm saved by somebody's love  
Somebody's love  
Nothing but love  
Oh yeah  
Yeah now I'm saved by somebody's love
