

# Touch Heaven

**Infernal**

Is anybody out there tonight?  
Can you hear me?

Mama, I'll be fine  
When I find the time  
And I don't need you to worry  
Gotta chase what I want, I said  
'Cause I looked ahead  
I guess I made it to somewhere

Is anybody out there tonight?  
Can you hear me?  
I gotta let it out, 'cause it's right  
That we wanna  
We wanna touch heaven  
We wanna touch heaven

Is anybody out there tonight?  
Can you hear me?  
I gotta let it out, 'cause it's right  
That we wanna

Wish I could replace  
Time that went to waste  
It's kinda' late to get wiser  
Cuz looking down  
You're not around  
Look at me, I conquered the world now  
And you don't see anything

Is anybody out there tonight?  
Can you hear me?  
I gotta let it out, 'cause it's right  
That we wanna  
We wanna touch heaven  
We wanna touch heaven

Is anybody out there tonight?  
Can you hear me?  
I gotta let it out, 'cause it's right  
That we wanna  
We wanna touch heaven  
We wanna touch heaven
