

# Why We're Lost

**Infernal**

I don't know why we're lost  
Tell me just why we're lost

Just like a baby boy in the wilderness  
I'm searching for you girl  
I'll take a puppy's love and a sweet caress  
And save it for you girl

Baby, doing without you, I'm wasted  
Living on your love, girl  
Baby, I'm so weak, don't you know that I am  
And I'm still living, living on your love girl

I don't know why we're lost  
I don't know why we're lost

Just like a grain of sand in the desert wind, I'm drifting  
And I'm wondering why you, baby  
I'll take each warm embrace and each tender kiss  
And save it, save it baby, baby, baby

Living on your love girl

I don't know why we're lost  
I don't know why we're lost  
Baby  
I don't know why we're lost  
Living on your love girl  
I don't know why we're-

I don't know why we're lost  
I don't know why we're lost  
Baby  
Living on your love girl  
Baby, baby, baby, baby  
Living on your love girl
