

Anger Will Remain

Infest

Will we see the end
of this conspiracy
result of war, politic sport
obliteration of you and me!
Innocent live in torture
alone in desperate cry
noone will never regret
if any of them die!!!

REF

No hope and no life
Only ruins and pain
no sign of remorse
Anger will remain!!

"We see all, but we see nothing"
All what we can say!
Watching massacre of people
Why noone can hear their prayers
On our territory terrorists are playing games
If any of us survive
Insane mission failed!!!

REF

No hope and no life
Only ruins and pain
no sign of remorse
Anger will remain!!

We are living under ice
we can not say a word
what ever we tried to say, its absurd!
You will kill me, I dont care
Question is will you dare!
When you see my eyes full of anger
Full of anger ready to remain!

REF

No hope and no life
Only ruins and pain
no sign of remorse
Anger will remain!!
