

Demonic Wrath

Infest

Bring me into fire, baptize me in blood
Released me out of weakness,
That's brought here by your god!
Suffering that never ends,
I hope that soon I'll die!!!
To end this torture with blood on my heands, and to step aside!
!!

You've never know when
My hate, was born!
How many seeds I've sown,
And how much they grow!!!
You've never know,
and now it's too late.
Demonic wrath is my only way!

Blackness, take me deeper,
With you feel so safe!
I truly hate entire mankind,
Your existence is fake!
I breathe the desperation,
I've looked the grief inside!
I seek the maniacal measures,
Killing myself is art!
