

Kill Their Weakness

Infest

Fire, fire, burn this world
Streets of dying agony
Final death, no more cure
Mass brain wash completed!
Fire, fire burn this world
Deep depression's all I feel
Humanity's become so weak
Begging of their knees!

Bring them all to the wall
Shoot to kill, no forgiveness
Bring them all to the wall
Into the hearts, kill their weakness!

Fire, fire burn this world
Take it all down in flames
They made us all, into slaves,
Open wide, our graves!
Fire, fire burn this world
Bury down history
We don't deserve anything
Ashes are our destiny!

Bring them all to the wall
Shoot to kill, no forgiveness
Bring them all to the wall
Into the hearts, kill their weakness!

We see, we feel,
we hear suffering
We bleed, we die,
we kneel without sense!
