

Nuclear Warlust

Infest

Bring me the unholy altar
Baptize me in my own blood!
I kill, I scream, I am the sinner
I am the fuckin' 666!

Never-ending flames of hatred
burning in my heart
your weakness makes me stronger
when i spill your blood!
I am a war god and against you
my hordes will arise!
Legions of insanity,
leave no trace behind!

Pain, war, death-my possession
hate you all-i feel aggression
i seek blood-i seek lust
i am your nuclear warlust!

I spit on every mark of holy
bastards and their cross
i take command all over black
mass of intolerance!
I let the darkness spread it's wings
in the skies beyond!
Let massacre take us all
in fire we'll all burn!!!!!!!!!!!!!!

Pain,war death-my possession
hate you all-i feel aggression
i seek blood-i seek lust
i am your nuclear warlust!

This is the day when you'll die!
Total destruction will take it's toll
suffering's all that you'll feel
only your death for me is so real!
