

Order

Infest

Dead bodies lay on the ground
You're standing, and don't know what to think
here comes a bullet round
you'll be alone with a death in ring

If you're not stupid, You will fight
kill 'em all, find your rights
take of your eyes their dirty mudd
and have your own reign in blood!!!

REF.

Listen my orders-kill 'em all
Listen my orders-burn 'em all
Now I command you-crash 'em all
And see how will their head fall!!!

Wnen bullet catch you-feel the flash
look death into his eyes
while corpse around you still smells fresh
you'll think it's the end and you'll start to cry!

But one who cry he must die
'cause for life you must be brave
and if you wanna start to cry
I will send you in your grave!!!

REF.

Listen my orders-kill 'em all
Listen my orders-burn 'em all
Now I command you-crash 'em all
And see how will their head fall!!!
