

Swallowed in Hate

Infest

From the deepest part of hell
Our armies will arise!
Bestial is our spirit
Chaos is our guide!
All united now we are
With reason of our war
To drop in flames the blood of Jesus
Blood of your fake lord!

Tortured to death
His rotten flesh
Blood in his eyes
Swallowed in Hate!!!

Betrayed we've been so long
Forbidden was our way
But path I've found, that I created
Shall burn your Christian faith!
The way we feel, the way we see
is burnt to dust Christianity!
The way we feel, the way we see
Crushing your throne of tyranny!

Tortured to death
His rotten flash
Blood in his eyes
Swallowed in Hate!!!

Spilling the blood-we spill
Terror-we are war machine
Endless-torture will be
Slaughter-Jesus will bleed!
