Don't go, don't go
The same ending
Come back, come back
Unchanging
Even as your lips speak
They're beautiful, blinding
But night will come again
When the lights go out, yeah

Just a moment, time, stretch a bit
Just a little more
So I can see you
Leave it

Let's smile without a word
Even if tears fall
We might drift apart
But in this endless cycle
We can't break away

You don't have to be sad
If we just let it flow
As time flows, we'll
Meet again

Your small, pretty heart
Lingers in my eyes
When darkness falls
I only want to see you more
Never once
Has it been too hard
Because of you, I
Can always endure

Just a moment, time, stretch a bit
Just a little more
So I can see you
Leave it

Let's smile without a word
Even if tears fall
We might drift apart
But in this endless cycle
We can't break away

You don't have to be sad
If we just let it flow

As time flows, we'll
Meet again

When did it begin?
The breathless moments we shared
With us
I'm sorry, but
I'll just say thank you
For being with me

Let's smile without a word
Even if tears fall
We might drift apart
But in this endless cycle
We can't break away

You don't have to be sad
Just let it flow
As time flows, we'll
Meet again

Yeah, oh
So you can see me again
Whoa, hey, love
So I can see you again
