Saints and Sinners

Informatik

```
I have come to testify
When we're born, we are crucified
By those who seek to purify
That which is already sanctified

Saints and sinners
Say the world is black and white
Saints and sinners
Look no different in my eyes
Saints and sinners
There's no wrong and there's no right
Saints and sinners
The two really are alike

There are some who say stay in line
They fill your head all full of lies
It's your life; do what you decide
Just take control; switch to override

Saints and sinners
Say the world is black and white
Saints and sinners
Look no different in my eyes
Saints and sinners
There's no wrong and there's no right
Saints and sinners
The two really are alike

Saints and sinners

Say the world is black and white
Look no different in my eyes
There's no wrong and there's no right
The two really are alike
