

# I Like the Way You Werk It

Information Society

Syncopated rhythms movement  
Slight simulated pain  
No form of human answer can explain  
Synthetic screams, just data streams  
Hypnotic smile, so versatile

I like the way you werk it

I, I, I like the way you werk it  
And I, I, I like the way you move

Every tactile sensor active  
Synaptic template on  
Coping until all self restraint is gone  
Human themes with plastic seams  
Nothing to share but I don't care

I like the way you werk it

I, I, I like the way you werk it  
And I, I, I like the way you move  
You drive me crazy when you do the robot  
And I, (I,) I, (I,) I like the way you groove

I, I, I like the way you werk it  
And I, I, I like the way you move  
You drive me crazy when you do the robot  
And I, (I,) I, (I,) I like the way you groove

I, I, I like the way you werk it  
And I, I, I like the way you move  
You drive me crazy when you do the robot  
And I, (I,) I, (I,) I like the way you groove

I like the way you move

I like the way you werk it

I, I, I like the way you werk it
