

## Expect to Fail

Ingested

Weighted, on broken knees I cry  
Begging, screaming why?  
Weakened pariah, alone in denial, final reprisal  
Me, fixed upon the ground  
Rusted, broken crown  
Hopeless impaled, hammer the nail  
Expect to fail

And so, the daylight grows  
Then I see  
The cracks begin to show  
And reveal all that I was meant to be  
For all the darkness knows  
Glory be  
Forces long opposed  
Are tearing their way from inside of  
Pray for tomorrow  
Kingdom of sorrow  
Pray for tomorrow

Weighted, on broken knees I cry  
Begging, screaming why?  
Weakened pariah, alone in denial, final reprisal  
Me, fixed upon the ground  
Rusted, broken crown  
Hopeless impaled, hammer the nail  
Expect to fail

And so, the daylight grows  
Then I see  
The cracks begin to show  
And reveal all that I was meant to be  
For all the darkness knows  
Glory be  
Forces long opposed  
Are tearing their way from inside of me

And so, the daylight grows  
Then I see  
The cracks begin to show  
And reveal all that I was meant to be  
For all the darkness knows  
Glory be  
Forces long opposed  
Are tearing their way from inside of me

Glory be  
They're tearing their way from inside of me  
Glory be  
They're tearing their way from inside of me

I'm still standing  
'Cause I'm expected to fail  
I'm still standing  
'Cause I'm expected to fail

I'm here in spite of you

You know you wanted to  
Erase for just a taste and maybe change the rule to two  
Pray for tomorrow  
Kingdom of sorrow  
Baptised in my demise, a husk so frail and hollow

Weighted, on broken knees I cry  
Begging, screaming why?  
Weakened pariah, alone in denial, final reprisal  
Me, fixed upon the ground  
Rusted, broken crown  
Hopeless impaled, hammer the nail  
'Cause I'm expected to fail
