Do You Like It

Inglorious

Always better baby the second time around
Do you like it? Do you like what you see?
You were waiting to see how we were gonna get down
Do you like it? Do you like what you see?

Your opinion doesn't matter to me

Do you like it? Do you like what you see yeah?
Sure looks good to me

Look a little closer baby in the mirror maybe
Better take a seat and practice what you preach
Do you like it? Do you like what you see?

Your attention was the fuel that I need

Do you like it? Do you like what you see yeah?
Sure looks good to me
Do you like it? Do you like what you see yeah?
Sure looks good to me

Just cos you're unhappy don't mean ya have to get nasty
You better have those words with someone who cares
That's not me

Your opinion doesn't matter to me

Do you like it? Do you like what you see yeah?
Sure looks good to me
Do you like it? Do you like what you see yeah?
Sure looks good to me
