

# Faraway

Inglorious

Tell me all my stories, oh, you let me have my way  
Waited like a fool all my life  
I feel like I could fly, made me wanna pray  
I wish I had more time to waste

Take me faraway  
Take me faraway  
I got a hunger for love  
And I'm gon need you to stay  
Take me faraway  
I got a hunger for love  
And I'm gon need you to stay  
Take me far...

You stand in front of me, breathes light into my day  
How will I cope without your face  
What's left inside of me, an endless aching pain  
Feeling sorry, I must say

Take me faraway  
Take me faraway  
I got a hunger for love  
And I'm gon need you to stay  
Take me faraway  
I got a hunger for love  
And I'm gon need you to stay  
Take me far, oh faraway

Faraway...

I got a hunger for love  
And I'm gon need you to stay  
Take me faraway  
I got a hunger for love  
And I'm gon need you to stay  
Take me faraway, oh yeah
