

Freak Show

Inglorious

Got a nasty reputation
Bringing folk onto their knees
An appetite for anything that breathes, oh
Give them anything they ask for
Give them everything they need
I've had enough of sharing your disease, oh

All dressed up now
Looking like a freak show
(Had enough I'm)
Walking with my head low
(I've been trying)
I'm trying to get away
But oh, she won't let me go

I... I don't want enough
To let go of her love, oh yeah
I... I want more for us
You got a face I can't trust

Got a pocket full of issues
Spending money doing time
I've had enough I'm leaving you behind, oh

All dressed up now
Looking like a freak show
(Had enough I'm)
Walking with my head low
(I've been trying)
I'm trying to get away
But oh, she won't let me go

I... I don't want enough
To let go of her love, oh yeah
I... I want more for us
You got a face I can't trust

And I've tied up all the
Pieces in my mind
And I'll make you see
While you get left behind
Another pretty face
Will make me smile, oh

And I... I don't want enough
To let go of her love, oh yeah
I... I want more for us
You got a face I can't
Oh
A face I can't
You got a face
I can't trust
Yeah
