

I Don't Need Your Loving

Inglorious

Infatuated with the idea of this woman
Going fine until she made you decide
She makes you think you're in luck before she sanctifies
Oh

I don't need your loving
I am doing fine
And I
Can't say
Won't say
Before I make ya leave I must
Say, I don't need your loving

Somebody told me her love was colder
Always seems as if it's you who's being strong
Ain't got no time for her drama gonna tell her she's wrong
Hey

I don't need your loving
I am doing fine
And I
Can't say
Won't say
Before I make ya leave I must
Say, I don't need your loving

I don't need your loving
I am doing fine
And I
Can't say
Won't say
Before I make ya leave I must
Say, I oh

I don't need your loving, oh
I am doing fine
And I
Can't say
Won't say
Before I make ya leave I must
Say, I don't need your loving
Oh no
