

## I Got A Feeling

Inglorious

I got a feeling that you're lonely tonight  
I heard it from your baby  
It came to light, that you weren't feeling alright  
She said you're acting crazy

Seen it before, we ain't over

I got a feeling that you ain't gonna like  
The words she's been saying  
In her defence was all in a tense  
To let me know she's staying

I gotta feeling that you're losing your mind, oh  
I got a feeling  
Something's going down tonight  
Oh, got a feeling

I gotta feeling that you're ready to fight  
I hear you overtake me  
In a rush back to mine  
I need time to decide  
I know you're gonna make me, oh

I gotta feeling that you're losing your mind, oh  
I got a feeling  
Something's going down tonight

Hey, hmmm

I gotta feeling that you're losing your mind, oh  
I got a feeling  
Something's going down tonight

I gotta feeling that you're losing your mind, oh  
I got a feeling  
That you're losing track of time

It's got me losing my mind, oh  
Seen it before, got feeling, yeah
