

Time To Go

Inglorious

There was a time
When she wasn't mine
Had a back street love
Not the time of her life
She said, oh oh oh

One and the same now
She's calling my name
Trying to figure out
How I'm gonna make her
Go, oh oh oh oh oh

You've been wondering how
I made it happen
I'm just thankful that
You came here to find out

That I've been talking to
The woman you love
They say, oh oh oh oh no
Singing I've been walking
With the woman you love
They say, oh oh oh oh no
And it's time to go

In all of your dreams
You'd never believe
You'd be standing right here
In those tired jeans
All alone, oh oh

Sounding quite mean
That's the way that it seems
You a bad mouthed
Stain on society
I say, oh oh oh oh no

You've been wondering how
I made it happen, yeah
I'm just thankful that
You came here to find out

That I've been talking to
The woman you love
They say, oh oh oh oh no
Singing I've been walking
With the woman you love
They say, oh oh oh oh no
And it's time to go
Time to go
Time to go
Better pack your things and
Hit the road!

I've been talking to
The woman you love
They say, oh oh oh oh no

Singing I've been walking
With the woman you love
They say, oh oh oh oh no
I've been talking to
The woman you love
She says, oh oh oh oh no
Singing I've been walking
With the woman you love
She said, oh oh oh oh no
Time to go
Time to go
