

# Talk

Ingrid Andress

Baby, let's not argue when we're out in public  
You know we've already had this long discussion  
I only wanna fix it, but you keep breaking down  
Down

I love that we forgive, but hate that we forget  
Oh, na-na-na  
Oh, na-na-na  
We say we're gonna change, but here we are again  
Oh, na-na-na

All we do is talk about it  
Never do a thing about it  
Do you even care about us?  
'Cause I really care about us  
All we do is talk about it  
Never do a thing about it  
Do you even care about us?  
'Cause I really care about us  
But all we ever do is talk, talk, talk, talk, talk  
All we ever do is talk, talk, talk, talk, talk

I think fighting's healthy in moderate doses  
But we're not getting better 'cause this wound never closes

I love that we forgive, but hate that we forget  
Oh, na-na-na  
Oh, na-na-na  
We say we're gonna change, but here we are again  
Oh, na-na-na

All we do is talk about it  
Never do a thing about it  
Do you even care about us?  
'Cause I really care about us  
But all we do is talk about it  
Never do a thing about it  
Do you even care about us?  
'Cause I really care about us  
All we ever do is talk, talk, talk, talk, talk  
All we ever do is talk, talk, talk, talk, talk  
Yeah, all we ever is talk, talk, talk, talk, talk  
Oh, all we ever do is talk, talk, talk, talk, talk  
Yeah, all we ever do  
That's all we ever do

All we ever do is talk
