

It's Not Easy

Ingrid Michaelson

If this isn't real, if this isn't real
Then what is?

I... don't know!

If this isn't love, if this isn't life
Then what do you want?
Not what your mother, not what your lover
Not what the others want
What do you want?

I don't know
It's not easy for me!

It's not easy for me
No one said it'd be easy
But I want every second of the bad and the good
I want all of our days to be side by side
And slide into yesterdays
Ride into memories
Making a messy, beautiful life
I just want all of you, all of us
Inside
This house
I built
Until we're gone

All you gotta do is just walk back up these stairs
Goodbye, Allie
