C **G** **Ami**
I don't wanna be the one to say goodbye
F **C** **G**
But I will, I will, I will
Ami **E** **Ami** **F**
I don't wanna sit on the pavement while you fly
C **G** **F** **C**
But I will, I will, oh yes I will

C **G** **Ami**
R: 'Cause maybe in the future, you're gonna come back
F
You're gonna come back around
C **G** **Ami**
Maybe in the future you're gonna come back
F
You're gonna come back
C **G** **Ami** **F**
Oh, the only way to really know is to really let it go
C **G** **Ami**
Maybe you're gonna come back, you're gonna come back
F
You're gonna come back to me

I don't wanna be the first to let it go
But I know, I know, I know
If you have the last hands that I want to hold
Then I know I've got to let them go

R:

Dmi **G**
I still feel you on the right side of the bed
Dmi **G**
And I still feel you in the blankets pulled over my head
Dmi **E**
But I'm gonna wash away, oh I'm gonna wash away
Ami **F**
Everything till you come home to me

C **G** **Ami**
Maybe in the future you're gonna come back
F **C**
You're gonna come back
G **Ami**
In the future you're gonna come back
F
You're gonna come back
